## **ACKNOWLEDGEMENT**

The enduring pages of the work are the cumulative sequence of extensive guidance and arduous work. I wish to acknowledge and express my personal gratitude to all those whom this work could no have been reality. First of all, I express my heartiest devotion to “Almighty God” for his graceful blessings at every step without which nothing could have been reality. I feel very delighted to get this rare opportunity to show my profound senses of reverences and indebtedness to my esteemed guide **Dr. Suvasini Panigrahi** (Project Coordinator) and **Dr. Satyabrata Das** (HOD CA) for their keen and sustained interest, valuable advice, throughout the course of which led my new technology analysis, to a successful completion. For this kind act of consideration, I beholden to them in special manner and no one can fully convey my feelings of respect and regard for them. I can’t express my thanks in words for my parents who given me this opportunity and family members for their great support and love. Last but not least I would like to thank those who have directly or indirectly helped and co-operated in accomplishing this report.
